PROFILE

I'am Java Developer with experience building full-stack web applications using Spring Boot, Laravel , React.js, and PostgreSQL. Skilled in RESTful API development, database design, JWT authentication, and responsive web applications. Currently pursuing a Bachelor's degree in Information Technology Engineering at the Royal University of Phnom Penh.

WORK EXPERIENCE

- **Intership**
  - I recently completed my Front-End Developer internship as part of my course at school. During my internship, I worked as part of a team to develop web applications and gained practical experience in teamwork, communication, and problem-solving. I am a motivated learner with good communication skills and the ability to work effectively with others.
